check the tender with the original estimate in the office. If necessary these may be sent with to the Secy., P.W.D, or to the Comptroller, P W. for scrutiny and return

5 The rates offered by Seddappa are the lowest and cheaper than those offered by Narainswamy & Son by over Rs3000 Further, Seddappa guarantees work amounting to not less than Rs5000 in value every month, while Narainswamy & Son promise to work out not less than Rs 4000 a month Narainswamy & Son have not quoted their rates on certain items but want 15% on actual data or departmental supply of those articles while Seddappa has quoted actual rates On unspecified items Narainswamy & Son want 15% over actual data while Seddappa wants only 10% over actual data

Vide [illegible]

Clause 5 of the ~~tender~~ advertisement does not bind the Chairman to accept the lowest tender consequently even in spite of the better terms offered by Seddappa it is feared that the work would not be satisfactory, there would be no objection to accept the tender of Narainswamy & Son But neither the Trust Board's resolution nor the Chairman's letter throw any light on the point.

The Secretary,

Revenue Department,

Government of Mysore,

Bangalore.

Most Respected Sir,

With regard to the contract for the Mysore Municipal Office Building Work, I beg to humbly place the following facts to your honour's consideration and orders.

(1) I am a long standing and old contractor in the Trust Board. I have executed works there to the extent of more than 4 lacks of Rupees.

(2) I have also executed large building works in this State. The General Hospital Mysore costing about 4 lacks is my latest work.

(3) Having procured the large quantity of Building materials when the market was very favourable and having kept a large stock of them with me, I tendered for the Municipal Office Building work with lowest possible rates. I feel sure that no other contractor could have tendered lower than myself.

(4) Taking a particular note of the conditions of the advertisement particularly Para No.9 dated 28th June,1917 I quoted my rates definitely for each and every item providing the deceptive mode offering quotations as subdue

(5) The General Hospital works is almost finished the other works in my hand will be over within a couple of months. I have got under me a large establishment and good quality of dead stock of materials, having all these I will have no work to do here after.

The above all I feel a sence of degradation in the eyes of the public if with all my resources and low rates and privious long connection of Trust Board I am not to get the contract for Municipal Office Building.

Therefore I beg your honour to be graciously pleased to go into the question in detail and grant me a justice redress of my grievances. For this act of kindness I shall in duty bound be ever grateful to your honour.

I beg to remain,

Most respected Sir,

Your most obedient & humble servant,

It gives me pleasure to state with reference to Siddappas application for work in the Tumkur District, that B.Siddappa worked in the City Improvement Division on the construction of Drains and other works and that he is a very capable contractor with good command of labour. I have no doubt he will give satisfaction if employed.
